

WORKSHOP

“The Terrestrial Ecosystem Flagship in Ny-Ålesund: From workshops to research projects” at Scandic Fornebu, Oslo, 1st of November 2021

AGENDA

- 8:45 – 9:00 Coffee and meeting
9:00 - 9:15 Welcome by Angela Augusti, CNR, Italy

Key-Note Speaker Session

- 9:15 – 9:45 Overview of the Terrestrial Ecosystem at Ny-Ålesund and knowledge gaps – Åshild Pedersen, The Norwegian Polar Institute
09:45 - 10:15 What is available in Ny-Ålesund? Overview of sites, exclosures, lab facilities, techniques – Eva Fuglei, The Norwegian Polar Institute
10:15 - 10:30 Break
10:30 - 11:00 What is known about exclosures in Svalbard – René van der Wal, SLU, Sweden
11:00 – 11:30 Exclosures and microbiology – Alexander Tveit, Tromsø University, UiT

11:30 – 12:30 LUNCH

12:30 – 13:00 Exclosures and carbon balance – Jeff Welker, Univ of Oulu Finland & Univ of Alaska Anchorage
13:00 - 13:45 TUNDRAsalad – Inspirations from a pan-arctic exclosure collaboration – Isabel Barrio, Agricultural University of Iceland
13:45 – 14:30 The Nansen legacy – Lessons learned on how to coordinate large research proposals – Marit Reigstad, Tromsø University, UiT

14:30 - 14:45 Coffee break

Discussion Session

- 14:45 – 17:45 The discussion will consider the following topics
Pilot project design: What do we plan to do in Ny-Ålesund in 2022?
Ideas for the EU grant
Possible collaborations for knowledge gaps in Ny-Ålesund
Future infrastructure needs
Rearrangement of the Working Groups of Terrestrial Ecosystem Flagship
17:45 – 18:00 Wrap up
19:00 DINNER
